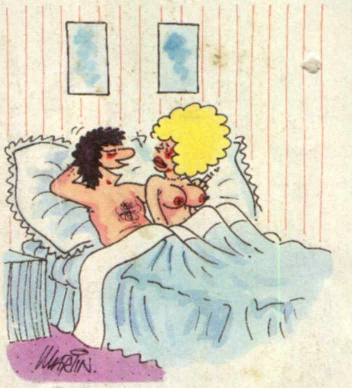
Male

continued from p69

Then in 1990, I managed to reach new heights with a girl. What's more, if Bernard ever finds out about this, it won't be the end of our friendship, it'll be the end of my life. [Look, you don't *have* to tell us! Ed]

Bernard and the delightful Penny had an equally lovely daughter. In 1990, Kathryn was 18, fresh-faced, sweet and about to leave home for college – ripe for the picking, in other words. I don't remember exactly how I seduced her, but I did get her back to my flat. She wasn't a virgin, but she wasn't exactly worldly-wise, either, and looked up at me innocently with her large brown eyes as I peeled her top off, followed by her little bra. Her pert breasts bobbed free and I nuzzled them, chewing on the nipples gently until they were swollen.



"Mind you, I'd respect you even more in the morning if you gave me a blow job."

Without me asking, she slipped her jeans and knickers off. "I want you to take me, but be gentle," she said. Of course, I was more than willing to oblige. She was very sweet and even asked me to show her how to put a condom on properly, saying it would come in useful when she got to college – obviously, she wasn't quite as innocent as she looked.

I got confirmation of that fact when I moved her into the missionary position and prepared to slip it to her. "I like it better from behind," she pleaded, so I let her flip over and she guided my cock into her wet fanny, then rubbed her clit while I rocked back and forth. She felt deliciously tight and her little gasps and groans soon had my come flooding through her box. I carried on fucking her – she felt so good, I simply didn't go limp at all – and when she came a few minutes later, I was amazed. She screamed, bucked around for ages and clawed the bedclothes so badly they tore!

So as I said, if the start of each decade brings some new and exciting sexual encounter, all I can say is roll on the year 2000, because I'm definitely having a party!

MAKE IT A LARGE ONE

If you ever venture into the Birmingham area, visit the Billesley Arms, near Moseley. There you'll find the most gorgeous blonde, short-skirted, huge-breasted barmaid. If you get her naked in *Mayfair*, sales will double – she is absolutely stunning. I was treated to a view of the backs of her lovely legs the other day, and I could just see the shape of her bottom!

Michael, Birmingham

Reply: *Er, thanks for the tip, Mike, but does she give good head? On her pints, obviously. Can any other regulars confirm this sighting?*

WHAT ARE YOU TALKING ABOUT IN YOUR LETTERS THIS MONTH? SOILED SOCKS, KINKY SEX AND A BARMAID WHO PULLS MORE THAN PINTS, THAT'S WHAT. AND REMEMBER, BY BOTHERING TO PUT A STAMP ON YOUR ENVELOPE, YOU INSTANTLY DOUBLE YOUR CHANCES OF GETTING IT PRINTED!

A BRIEF LETTER

My husband is a big fan of *Mayfair*, so I often find myself leafing through his copies. I have a suggestion that I believe may prove popular with female readers of your magazine like myself. Why don't you include details of the lingerie worn by your models, including how readers can obtain it? I have often been struck by the range of beautiful and unusual underwear on display, and wished I knew where to find it.

This would be, in effect, advertising space for the lingerie retailers, for which you could either charge direct or exchange for other services (special reader offers might prove very popular).

In addition, it would make your magazine more interesting for the army of wives and girlfriends of your male readers, who would therefore be more likely to encourage their partners to buy it.

Jane Martin, Rugby

Reply: *We hope you entered our 'Scantihose' competition last month, Jane, because your suggestions make a lot of sense. There are a few problems, though – co-ordinating all the different international photographers who contribute to the magazine, for example. You know what these arty types are like – all mood swings and inspiration. Still, it's good to know our female readers enjoy Mayfair – maybe you should all write to Marks & Spencer and Miss Selfridge en masse and tell them to get in touch with us!*

PUT A SOCK IN IT?

I was really impressed with Tina and Suzy in Vol 31 No 9. One of the biggest reasons they caught my eye was their white cotton socks. When I buy a magazine I quickly scan them for any chicks wearing white socks. Also, the picture of Claire wearing sports socks turned me on.

The only problem is that their socks are too new – they need to be [illegible]le more soiled. When they're [illegible]ng a shoot, you should make them wear the socks for the day (outside, to get them dirty). Also, I'd like to see the girls maybe sticking their dirty socks in each others' pussies. It takes a little wear and sweat to get the socks looking good. I hope to see some of this in your mag. If I do, I will subscribe!

PRESTON NO FRIEND

While I agree with Mike Preston that girls' feet are sexy, I think he's seriously overrating them. Okay, they're a slight turn on, but that's it. As for *Mayfair* showing more photos of them – DON'T. If I want to look at feet, I'll hang around my local shoe store. I certainly wouldn't pay money to look at them!

Now my grievance: why do you never print pictures of girls licking their boobs? Are they too shy? Or don't you consider it stylish enough? There are still a few of us out here who get turned on by such things.

One last point: when is Angel going to get a regular slot? She's far too gorgeous to be shown just every third or fourth issue.

Michael Reeves, Derbyshire

Reply: *We don't let the models lick their boobs, 'cos it always reminds us that we can't suck our own cocks! Seriously, only about one in every hundred women can actually pull this stunt off with any degree of charm – when we get 'em, you'll see 'em. As far as Angel is concerned... watch this space. And remember - you saw her here FIRST, folks!*

SUPER SUBS

It is so refreshing to see the beautiful young ladies in your magazine. Here in the US, all the mags seem to focus on large-busted women with more silicon than my computer! The girls you offer are truly "the best looking girls in the world."

A friend of mine who was in the military in England came back home bringing *Mayfair* Vol 31 No 9 with him. It is now my most prized possession – I have stacks of American rags, but

Angie, please pardon us for being crude, but you are bloody gorgeous!

Thank you. I have noticed this about British people – you all swear, even when you are being nice to someone! I think it is very strange.

Be careful when we sound all polite, though…

French men are the same when they want it!

Then that must be the difference – we want it all the time!
Oh no, men are men. And it is not just men – women are… what is the word… 'horny'? Yes. Women are just as horny as men! But we have more imagination, so we do not swear all of the time!

We can't agree with you there. For instance, we can imagine some pretty amazing things right now.
So can I! All day I have been thinking about finding two men to take to bed tonight. I think I will find them in a quiet, expensive bar in London and bring them back to my hotel room. One will be blonde and one will have black hair…

Is hair dye expensive these days?
Do not interrupt – that really is rude! I will put one of them in the bath and the other one in my bed. I will have sex with the one in bed while the other one looks from the bathroom. Then I will go into the bathroom and have sex with him. And halfway through the night, I will swap them over and keep doing it to them…

Fancy coming for a quiet drink, then?
No, now I feel too rude!

“BEST TITS IN THE

YOU’LL HAVE TO EXCUSE US IF WE GUSH THIS MONTH BECAUSE, AS FAR AS WE’RE CONCERNED, JENNIFER JASON LEIGH IS THE BABE OF ALL BABES. SCHWING!

Alright, so you might be able to nominate someone who’s better looking in a pretty-pretty kind of way, and you might even be able to think of an actress who’s got as much talent, but whatever the elusive ‘it’ is, Jennifer’s got ‘it’ in spades.

Not only does she look great, she only ever seems to play the most challenging roles she can – often with a seriously dark tint to the characters. “I like the idea of being able to play anything from waif to prostitute,” she says, though most of her characters seem to contain a fair amount of both types.

Born Jennifer Lee Morrow on 5th February 1962, our Jen is the daughter of screenwriter Barbara Turner and the actor Vic Morrow, who was tragically killed in an accident while making the *Twilight Zone* movie. Raised by her mother, Jenny took the name ‘Jason’ from close family friend Jason Robards, and became interested in the movie business by accompanying her mum to script meetings.

Her film debut in the schlocky *Eyes Of A Stranger*, as a girl who gets her shirt ripped off by an obese pervert, may have gone virtually unnoticed, but ever since then, JJL’s reputation has grown with everything she’s made.

She stole the whole film version of Hubert Selby’s bleak *Last Exit To Brooklyn* as a self-destructive hooker who declares she has “The best tits in the western world!” and went on to

Offscreen, she's very private and especially protective of her romantic life. TARA THE HOTTER!

TARA FITZGERALD MAY NOT HAVE A LOT TO SHOW OFF, BUT BOY DOES SHE ENJOY FLASHING WHAT SHE HAS GOT – AND WE LOVE HER FOR IT! MORE THAN A MOUTHFUL IS A WASTE, ANYWAY!

Sirens: Sirens? They should have called it *Hooters*, there's that many of them on display!

Brassed Off babe Tara Fitzgerald came to fame with her steamy TV bonkfests as Polly, the twin-fancier in Channel 4's controversial *The Camomile Lawn*, and as Dolly, the inebriate seductress in *Anglo-Saxon Attitudes*.

Then she brought her full-frontal charms to the big screen, showing she wasn't a one-tit wonder. Her rampant exhibitionism hasn't done her career any harm, either.

Of course she is great to look at – sensual yet vulnerable, with dark almond eyes and Camay-perfect skin. But she is not just another pretty young actress. This is one bird who will never be exiled to bimbo limbo.

Tara admits she has never been shy about sex. She had her first 'serious' boyfriend at 13 and lost her virginity to him while his parents were out. "I hated it," she confesses. "It was awful, awkward, messy, and I could not wait for it to end. I just lay prone and thought of England or something. But I persevered until I enjoyed it."

Now she seems to enjoy it a lot. And stripping onscreen doesn't seem to be a problem either. "In this country, people are so repressed. They never talk about it in the open. It is all giggle-giggle and 'look at that shameless woman taking her clothes off.' I don't mind taking my clothes off, if the script calls for it. When you're doing a nude scene, you just have to take a deep breath and get on with it. I can't bear bedcovers-up-to-the-chin jobs!"

She'd only been out of drama school for two weeks when she landed a role in *Hear My Song*, stripping down for a sex scene which became front page news when the film was selected for a royal premiere! "I don't see what all the fuss is about," Tara told the tabloids. "Sex is a completely natural thing, after all." Not if you're a Windsor, luv…

Depending on the role, this seductive brunette can play it prim and proper or she can play it scalding hot. And sometimes you get to see her doing both in one film, as displayed in the comedy/drama *Sirens*. This cheerfully sexy film from down under offered up lots of refreshingly offhand sex scenes and full frontal nudity. While most men might have slipped off to see the film for its glimpses of Elle Macpherson's bush, Tara was definitely a welcome added attraction.

> "I JUST **LAY PRONE** AND **THOUGHT** OF ENGLAND"

The film took a wry look at the cross-cultural clash between a bohemian artist, his gaggle of nude models, and an uptight vicar played by blow-job aficionado Hugh Grant. Tara is the vicar's wife, whose mind wanders from hubby's pious sermons to her own sex fantasies.

The most arousing scene belongs to Tara as she imagines herself standing stark naked in church. Wearing nothing but a prayer book, we get to see Ms Fitz's pert little erect-nippled breasts and her bushy pubes in full exposure while she is surrounded by the congregation.

Tara recently won rave reviews for another trouser-teasing performance in *Brassed Off*, a gentle comedy about a brass band. It could be her passport to Hollywood, and we're sure big things are coming up – especially in the trouser department, judging by these pics!

A quick full-frontal flash from Tara at the start livened up this genial British movie about old Irish tenor Josef Locke. Hear our song: if Tara can get her mouth round it, we'll accompany her on the organ.

1992: THE CAMOMILE LAWN ✓✓✓✓

Tara gets back to grass roots with this red hot Channel 4 version of Mary Wesley's WWII novel. She plays a sexy Sloane, bedding a succession of lovers during the Blitz – *Dad's Army* it ain't! Felicity Kendall also has one ribald sex scene of the kind you never got to see in *The Good Life*!

1993: ANGLO-SAXON ATTITUDES ✓✓✓✓

Tara played an alcoholic nymphomaniac and enjoyed a few stiff ones in a big-budget ITV series that Mary Whitehouse called "depraved and disgusting." That should be enough of a recommendation for anyone.

1994: SIRENS ✓✓✓✓✓

Miss Fitzgerald plays vicar Hugh Grant's repressed missus, who loses her inhibitions – and her togs – on a visit to scandalous Australian artist Norman Lindsay (Sam Neill). Supermodel Elle 'The Body' Macpherson also gets 'em off in this four-handkerchief classic!

There's trouble at t'pit, but things start looking up when sex bomb Tara joins the local brass band and starts blowing – swelling the horn section impressively. You may not be able to play the piano by ear, but you'll almost certainly be fiddling with something!

Did you make any new year's resolutions, Sylvia?
You always end up breaking them, so there's not much point, is there? Anyway, why should you stop doing anything you really enjoy? 'If you like it, do it, if you don't, don't' is what I say!

So what *do* you like?
Three things make life worth living: dancing, lager and sex. Mind you, if I did have to swear off one of them, I could just about get by without... dancing, I suppose.

So if we wanted to get off with you, we'd have to take you to a club, buy you a few jars and have a big bed at home?
There's no guarantees, but you'd have more of a chance than if you took me shopping!

Or we could save time and combine all three – buy a few cans, dance on the bed and then get down to business…
You could only have one excuse for being that *stingy…*

And what would that be, pray tell?
Well, it's obvious, isn't it? An absolutely massive cock! With a big, shiny helmet and big balls full of come! And you'd have to know what to do with it – it's no good being all trousers and no action. I reckon about ten orgasms would be compensation.

Blimey. Maybe the expensive club's not such a bad idea…

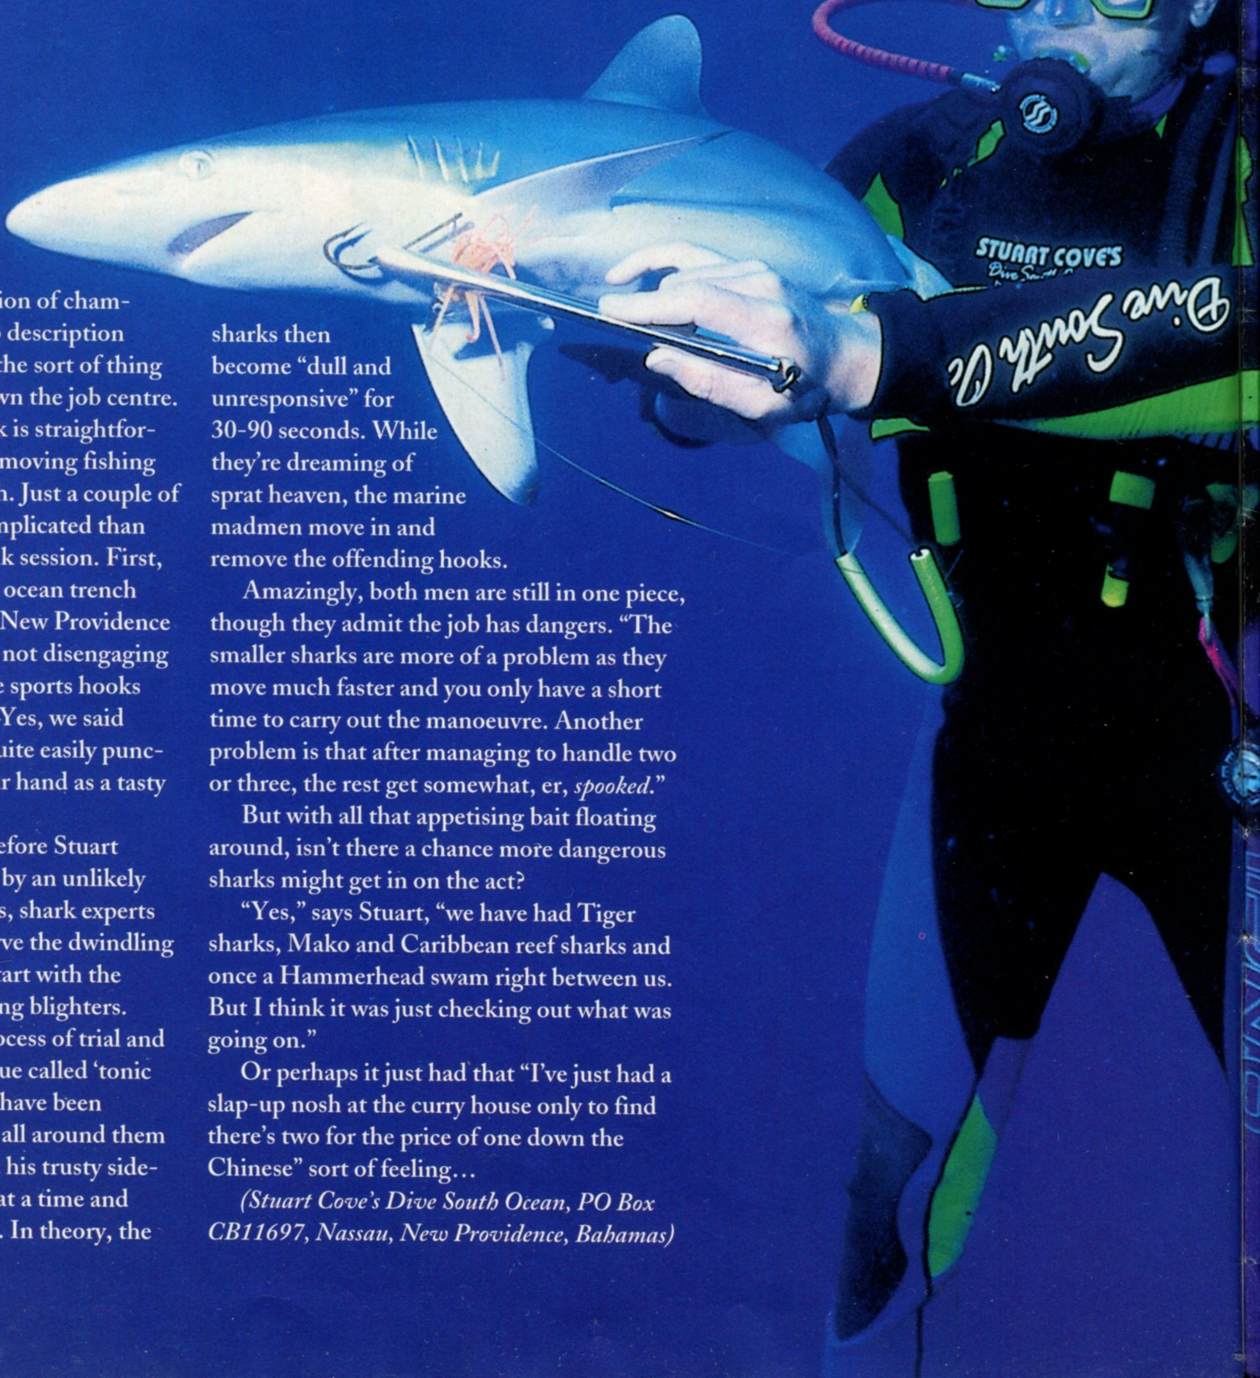
"It's One Hell Of A Way To Earn A Living!"

HOOKERS!



If *What's My Line* was still on the telly, chances are that Stuart Cove would be champion of champions, because his current job description reads 'Shark Wrangler'. Not the sort of thing you usually see advertised down the job centre.

On the face of it, Stu's task is straightforward. He earns his keep by removing fishing hooks from the mouths of fish. Just a couple of facts make this a bit more complicated than your average Sunday riverbank session. First, he works in a 6000ft (1800m) ocean trench eight miles off the coast of of New Providence in the Bahamas. Second, he's not disengaging 2lb tench, he's removing huge sports hooks from the jaws of silky sharks. Yes, we said sharks – the sort who could quite easily puncture an air line or snap up your hand as a tasty seafood entrée.

No-one had ever tried it before Stuart started, so when he was hired by an unlikely alliance of local fishing groups, shark experts and conservationists to preserve the dwindling shark population, he had to start with the basics: how to catch the basking blighters.

Through a hair-raising process of trial and error, he discovered a technique called 'tonic immobility'. Once the sharks have been attracted by baiting the water all around them with tasty morsels, Stuart and his trusty side-flip, Graham, grab them one at a time and bend the tip of their tails over. In theory, the sharks then become "dull and unresponsive" for 30-90 seconds. While they're dreaming of sprat heaven, the marine madmen move in and remove the offending hooks.

Amazingly, both men are still in one piece, though they admit the job has dangers. "The smaller sharks are more of a problem as they move much faster and you only have a short time to carry out the manoeuvre. Another problem is that after managing to handle two or three, the rest get somewhat, er, *spooked.*"

But with all that appetising bait floating around, isn't there a chance more dangerous sharks might get in on the act?

"Yes," says Stuart, "we have had Tiger sharks, Mako and Caribbean reef sharks and once a Hammerhead swam right between us. But I think it was just checking out what was going on."

Or perhaps it just had that "I've just had a slap-up nosh at the curry house only to find there's two for the price of one down the Chinese" sort of feeling…

How did you first get into the adult industry?

I was introduced into the business by Alexis DeVell. She was an old time friend from Colorado and I owned my own striptease company at the time. We kind of ran into each other and she had shot her first movie so I went to California with her and that's when I started. My first movie was *Curious.* I worked with Randy Spears and an Oriental girl, I can't remember her name. It was a lot of fun. I was very scared and real nervous, but once I got into the scene and just focused on what I was doing it wasn't hard. Unlike Randy's cock!

What is your favourite scene?

I just did one with Juli Ashton in a movie called *Head Trips* and it was the first time I had ever used a strap-on dildo with a girl in a movie and it was a lot of fun. It went very well, so at this point it stands out in my mind. I even kept the strap-on for my own use!

What do you like about making erotic movies?

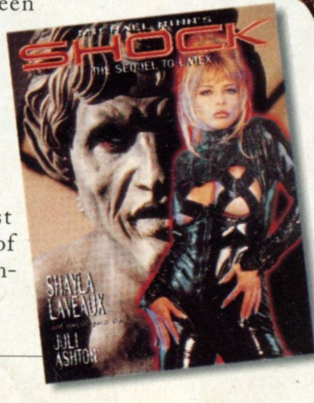
I enjoy the freedom and the fact that you're having safe sex with people who you enjoy being with; you know, you can pretty much pick and choose who you want to work with, so it's kind of like getting together with friends and having sex – and getting paid for it. Hey, you can't beat that!

> “I LIKE HAVING MY MOUTH FULL OF COCK AND COME”

One, two, three: 'Shay'll be coming round the mountin' when she comes…'

What's the secret of good sex?

Variety and fantasy. I really don't have one particular favourite method. I mean, I've lived out quite a few of my fantasies in movies, although the one about me and three guys in a glass elevator hasn't been done yet. That's been a standing fantasy for four years. We'll work on that one.



What sex positions do you like the most?

I think that just depends on the mood of the moment. I like to finish off in doggy or missionary. But I like different ones, you know, starting out in spoon or reverse cowgirl. I'd say the best way to get off is doggy-style with a vibrator on my clit or vibrating the outside of my butt, kind of teasing or tickling it.

Do you have a boyfriend?

Yes, I do. [At this point, she calls from the pool into her house] Anthony! He can help with the interview!

Oh good. How do you feel about Shayla's work?

I like her work. If I didn't like what she did then I wouldn't want her to do it. There are a lot of people that I've seen in this business that it kind of drives them crazy that their boyfriend or girlfriend is making erotic movies. I don't understand what their trip is – why they would let somebody do that and not have it be something that they found erotic or didn't bother them or whatever the case may be. I do participate. I've done about eight movies with Shayla.

> “THE BEST WAY TO GET OFF IS DOGGY-STYLE WITH A VIBRATOR ON MY CLIT”

Er, yes, right. How does it affect your sex life, Shayla?

I wouldn't say it does a lot, except in Anthony's case, because when I'm on a four-day shoot or something like that I'm having sex six or seven times and I don't really feel like doing anything sexual in my private life for a couple of days after… he gets to work with me a lot, so that helps.

Anthony: Most definitely! It's not as if I'm going without – I'm fucking other girls and I've got a perfect alibi!

Where do you prefer the guy to cum?

That's really hard to say. I like it all over, everywhere. I like the variety, I guess. And before you ask, yes, I do usually have real orgasms.

In my personal life, my favourites are a guy doing me missionary and a girl sitting on my face.

What was the first porn movie you ever saw?

It was an original copy of *New Wave Hookers* with Traci Lords in it. I was young, sweet and innocent, 19 years old, but I enjoyed it. It opened my eyes, so to speak.

What's the most fun you ever had with your clothes on?

It was the first or second year when I was dancing. The owner of the club that I danced at knew Jethro Tull. They were in town and I got to serve the band drinks. It was so cool.

SMELLS LIKE... SEX

Was that bloke playing a flute and everything?

No, they were just – you know – having drinks and stuff.

Most fun with your clothes off?

That was up in Radium Hot Springs. Anthony and I were up there with his ex-girlfriend. There's this hot spring that's divided by a rock wall. On the other side of the wall is the river. We sat in the spring nude and Anthony fished over the wall in the Colorado River.

Anthony was in a hot spring with two naked babes and fished?! Hope you caught something!

Anthony: No. I didn't have the right kind of tackle for fast-moving water. A spinner would have done me better.

Right. Shayla, what are you best at, sexually?

Giving blow-jobs. I like having my mouth full of cock and come. I'm good at sucking off two men at once, too. Anthony: Amen, she does do that very well. And she's a real hardbody!

> “I DIDN'T HAVE **THE RIGHT** KIND OF **TACKLE** FOR FAST-MOVING WATER”

The most spontaneous sex you've ever had?

Probably pulling over on the side of the highway and we just fucked our brains out because I was giving him head and he just couldn't take any more. I had to get mine!

How can your fans get in touch?

My fan club address is 9800D Topanga Canyon Road, #352, Chatsworth, CA 91311, USA. I'll be on the Internet soon, at videogold.com/risque. Bye y'all!

Marina, how's the studying going since we saw you last (Vol 31 No 11)?

Marina: ***It's getting really heavy now – Kate's the only one who stops me going completely potty.***

Kate: ***No, I'm not. Honestly, I've never seen such a dedicated student as Marina – it's sickening, she puts me (and everyone else) to shame! She spends all day looking at dusty old law books, and then I have to practically drag her out at night.***

Marina: ***It's alright for you, you've got another year to go. You'll be exactly the same when the exams are looming, missy!***

Kate: ***As long as I keep my record…***

What record's that? Notches in your bedpost?

Kate: *No! I'm a good girl [they both giggle]. But I've never missed a single party since I started at college. It's become the local sport – people are inviting me to two or three parties on the same night to see if I can make it, and I always have so far!*

Marina: *Now can you see why I sometimes get sick of being dragged out. Last Wednesday we had to go to two parties – one in Bedford and the other in Derby!*

Kate: *I didn't see you complaining when you snogged guys at both of them!*

ENRAGED OF ISLINGTON

I would like to take this opportunity (if any of you are actually in the office today) to ask what the fuck is going on with the *Object Of Desire* feature? When I employed your sorry arses, it was on the understanding that as well as showing readers beautiful women, gags and booze etc. you would use this space to display flashy cars, boats, planes and techno gadgets in all their wad-crunching glory, so all the veins started popping out of my head when I saw last month's laughable effort – a fucking COFFEE MACHINE?

If I want to look at a coffee maker, I'll either go to a caff or call my secretary. What next – a platinum apple corer? A nice Chesterfield sofa? Looking at my copy of *Media Week*, I noticed that *Elle Decoration* and *House & Home* are recruiting. I'll be happy to supply a reference to any of you who might want to quit the tedious world of gorgeous nude models and pursue a career in the exciting sector of 'lifestyle' magazines for people with too much money.

'WHAT GOES UP MUST COME DOWN' AS THE OLD SAYING GOES, BUT MOST THINGS THAT COME DOWN AREN'T ARMED WITH A MACHINE GUN AND A HANDFUL OF GRENADES – UNLESS IT'S AN ELITE ARMY PATHFINDER, AS WE FOUND OUT…

"If the people look the size of ants – pull the cord. If the ants look the size of people – pray!" That's the basic rule of thumb, according to the off-duty Para who was explaining the ins and outs, or rather, ups and downs of life as a 'Pathfinder'. The Pathfinders are a special elite group within the British Army, made up mainly of members of the Parachute Regiment, though other soldiers can join if they pass the stringent tests and training that are necessary.

As their name suggests, they are the first people (apart from the odd saboteur) to be dropped behind enemy lines, with the task of establishing, marking out and holding a 'Drop Zone' for others to follow.

Timothy's camping trip was ruined by the arrival of a gung-ho group of German tourists…

All very straightforward in theory, then, but as the informal briefing continued ('informal' as in 'in the pub'), it became clear there was a bit more to it than your average 'sky-diving for charity' business. But it's still basically just jumping out of a plane, isn't it?

"Yeah, but you're jumping out of a plane with a machine gun and a thousand rounds of 7.62 ammo, for starters. You have to make sure you've got an equal weight on each leg for the initial sky-dive, so you don't go arse over tit. Once you hit the silk, you dangle the kit on the end of a long strap so you don't knacker your legs when you land."

So what does it feel like?

"The first time you freefall, you're on total sensory overload. In what we call the 'stable' position, you'll be dropping at 120 miles an hour with the roar from the wind filling your head. The more experienced guys can hit 200 miles and hour by adopting the 'no lift dive' position, when you just drop down head first."

But why would anyone in their right mind want to do that?

"Well, it looks flash, doesn't it? Seriously though, it's important to drop quickly until you're as close to the ground as possible, and only open your chute at the last minute. In a HALO drop (High Altitude, Low Opening), we'll jump from 25,000 feet with full kit and oxygen, and open the chute between a grand and a grand and a half (1,000-1,500 ft). That way we're too high to get picked up on RADAR when we start, hard to pick up or see while we fall and when we touch down, they won't know what hit 'em!"

How dangerous is it, then?

"We're trained to the max, so it shouldn't be that bad, and we've got reserve chutes just in case, but it is dangerous. I've seen the results of mistakes, and they're not pretty. The worst I saw was someone new to the game who lost his balance as he deployed the chute. He got wrapped up in it – good night, Vienna! It was horrible watching him going at warp speed towards the ground… when he finally hit, he looked like something out of a horror flick."

Nothing like that's happened to you, obviously…

"I've had a few hairy moments, but if you stay calm you can usually do something about it. That's easier said than done when your chute's flapping around like a bag of washing – we call it a 'Roman Candle'. If you have a problem at 2,000 feet, you've got about 12 seconds to sort yourself out…

CHUTING STARS

A couple of hours later, a CH130 Hercules takes off full of army Pathfinders. They've already made sure their weapons are locked and loaded, their oxygen masks are working properly and they're wearing their government-issue thermals under their camouflage. If you jumped out the back door at 25,000 feet into an airless, sub-zero sky

FIVE THINGS YOU SHOULDN'T SAY TO A PATHFINDER

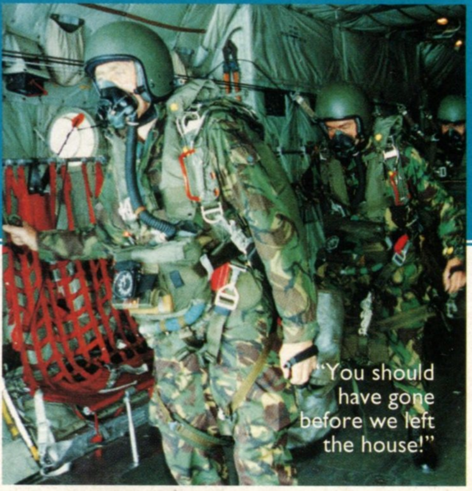
"I've lost my pet path – can you help me find it, please?"

"How many pairs of knickers did you have to steal to make your parachute?"

"Did you know that anagrams of 'Pathfinders'include 'Finde pharts', 'Red pin shaft' and 'Fresh pant ID'?"

"Is it true what they say about big guns and small willies?"

"Look, there's the green light – by the way, I've switched your oxygen for laughing gas, mate!"



"You should have gone before we left the house!"

It's typical, isn't it? You wait all day for a Pathfinder to arrive, then 36 turn up at once!

"Shiiiiiiiiiiiiiiiiiiiiiit!"

without an air bottle and giant willy warmer, you wouldn't be a lot of use, militarily, unless you happened to land on an enemy general.

The noise on board is deafening and the in-flight meal isn't exactly business class – cheese sarnies, fruit juice and an apple. Breathing the Hercules' own oxygen supply until they switch to individual bottles just before they jump, there's very little the troops can do apart from read a book – but not smutty ones, please, as a stonking boner would make all their blood oxygen rush to parts of their anatomy they won't be needing for the next few minutes. Red light, green light and within seconds, the cavernous belly of the plane is empty.

From terra firma, there's not an lot to see. Maybe this is the wrong Drop Zone? Then small square shapes suddenly start to appear in the sky 1,500 feet up – their 23,500-foot journey so far having been virtually invisible. The Pathfinders use square, wing-style parachutes which they can steer like gliders. This comes in especially useful on a HAHO (High Altitude, High Opening) drop in which they jump at 35,000 feet, pull the rip-

CHUTE YOUR MOUTH OFF

Reserve Ride – No, not that fat girl who's desperate for you to shag her. You know, the one you never ring any more. This is your back-up parachute.

Bag Of Washing – What a faulty chute might as well be. You may tumble die.

Roman Candle – Italian arsonist/a chute that hasn't opened properly .

DZ – Drop Zone, a crap Wesley Snipes film. The bit of ground you land on.

Low Hooking – Nothing to do with midget prostitutes, this is the show-offish turning some people do. Often results in injury; that'll learn 'em!

HALO – The standard officers' greeting. Also stands for High Altitude, Low Opening (or Hairy Arse, Low Orifice).

HAHO – The noise made by your ex and her new boyfriend as your chute fails. Also stands for High Altitude, High Opening.

Static Line – As well as being what you hang your nylons on every washing day, this is the cable inside the aircraft that rip-cords are tied to, to open the chutes as they leave the aircraft. Like in old war films.

Stoofing In – Hitting the ground *sans* parachute. Uncomfortable.

A Sam Raimi – What you'll look like if you 'stoof in', inspired by the renowned *Evil Dead* film director.

Hitting The Silk – Smoking weak fags a lot/assaulting a morning chat show host/opening your parachute.

A Grand – 1,000 feet. Coincidentally, the amount of extra pay Paras get for jumping out of planes!

Stable Position – Uninteresting sex/the basic 'leaping frog' freefalling posture.

cord almost immediately and drift for up to 40 miles, which makes things a lot less risky for the plane that carries them but exposes them to enemy fire for an hour or so.

But today's exercise is a HALO jump, and things seem to be going like clockwork – until one tiny matchstick man suddenly plummets earthwards, past his colleagues, his chute streaming like a ribbon behind him – the dreaded Roman Candle. When it already seems to be too late, his reserve chute suddenly blossoms above him, to general sighs of relief from everyone on the ground.

While the other troops touch down safely and begin marking out the Drop Zone with distinctive orange triangles, the lucky paratrooper gathers up his two chutes and calls across to us: "That was a bit hairy, wasn't it? Did it look good? I didn't even have time to think about shitting myself..." Ⓜ

CAN I HAVE A GO?

Er, yeah, alright! Just a few conditions to satisfy first, though. You need to pass the basic Army tests (that's us out, then), do your basic training and – after a few years of regular front-line service in a regiment with some clout, like the Paras – put yourself forward for the Pathfinders.

If you're accepted to try out, the selection course lasts a month. Physical fitness, personal motivation, endurance and a very definite lack of vertigo is required. Favourite tests include boxing matches and obstacle courses 50 feet up in the air. Only about one in every ten people who start the selection course will finally become Pathfinders.

As an experienced Private, you'll earn about £15,000 a year – but, apparently, all your drinks will be bought by the staff of a certain gentlemen's magazine...

Mayfair would like to point out that any similarity between this feature and real events is purely coincidental. The picture we have painted of action with the Pathfinders is a composite, drawn from many different sources whose identity we must protect. Or they'd duff us up, probably.

The 'Balancing On One Leg' exercise sorts out the men from the monopeds...

The tiny, picturesque village of Dropinonem was taken completely by surprise…

Fed up of 'sex' videos that have been rotting in your local store because everyone's cottoned on to the fact that, well, they're crap? Are you connected to the Internet? Then you're in business, mate!

The Adam & Eve Channel has been set up to satisfy the phenomenal demand for quality sex flicks. It operates a bit like a cable channel, but you actually download the films onto your PC after becoming a subscriber. The service runs 24 hours every day.

The first six films the channel tried (including *Danger Ass*, *Raising Kane* and *Erotika*) went down so well, with over 50,000 users logging on per week, that plans are afoot to increase the number of titles to over 240, and the downloading time for a 90 minute bonkfest has been cut to around 45 minutes, which still gives you time to nip out for a box of Kleenex. Future projects include a chat line and a 'How To Be a Cyber Star' slot in which anorak-wearers across the world can become porn stars for a few glorious minutes. Then it's back to *Tetris*... **(http://www.adamandevechannel. comm)**

Retailing for about two quid from a bargain bin near you, there's an early work by one of the century's great performers that not enough people know about – and we're here to redress the balance!

On the prestigious Action Replay record label that no-one's heard of, *The Best Of & The Rest Of Madonna & Otto Von Wernherr* features the *Evita* star in less glamorous mode as a backing singer. Ms Ciccone gets to scream in the background of classic cuts like *We Are The Gods* ("Mummy, mummy, it's the gods!") while Otto, sounding like a cross between Kraftwerk and the James Last Orchestra, growls his way through lyrics that can only be explained by industrial doses of mind-bending drugs. *Cosmic Climb* sees him explaining that "I would sell my grandmother down the river for that turned-on feeling," while the magnum opus of the collection, *We Are The Gods*, prompts him to shout "Oh my god, the gods are here!" An understandable reaction, even for a total loony.

A SONY PLAYSTATION FROM TEAM17

We've been playing computer games since the first Space Invader coin-op appeared in Britain (way back in the Summer of 1977). Things have moved on apace over the last 20 years though, with flashy graphics, stereo sound and all manner of improvements making the latest PlayStation games worthy of full-blown arcade releases in their own right.

But what has all this got to with you? Well, quite simply, this: when top-notch programmers Team17 sent us X2, their latest and greatest shoot-'em-up, we were blown away by its ultra-slick presentation and pulse-pounding game-play, and gave 'em a call to congratulate them on their effort. But when they graciously offered to supply us with a few copies of the game for competition prizes, we were a bit worried.

"We're not sure how many of our readers are PlayStation fans," we told the pixel-pushers.

"Well, why don't we give you a PlayStation, too?" they shot back. So, here it is then – answers on the back of a postcard or sealed-down envelope, please, and if you're not lucky enough to be among our winners, buy the game anyway. It rocks, as does the CD of dance music by Dr Awesome, inspired by the game and out now on TRSI Records!

A QUESTIONABLE CHARACTER

It's not often we get to speak to a living legend, so imagine what we felt like when we had a tit-a-tit with Russ Meyer, director of such buxom classics as *Faster, Pussycat! Kill! Kill!* and *Beyond The Valley Of The Dolls*. Come on Russ, get it all off your chest...

Q. Who inspired you to make films featuring well-endowed ladies?

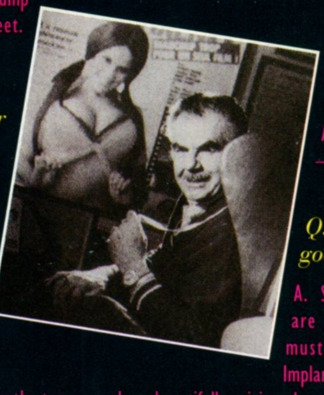
A. A girl I knew at high school called Polly who had big, lustful jugs.

Q. Describe what makes a good bosom...

A. A good boob will be conical, defying gravity and succulent.

Q. Where and how do you find your actresses?

A. In all sorts of ways – their agents will often get in touch, or I'll get a recommendation from one of the other girls. And sometimes I just bump into them in the street. Literally!



Q. What will your epitaph be?

A. 'I was glad to do it!'

Q. Is there a difference between American and British boobs?

A. I've encountered both types and there's not a lot of difference, they're all beautiful. Only over here in the States, there are more big majungas!

Q. What's your idea of heaven?

A. Forget the tits – just help people.

Q. Silicone – good or bad?

A. Silicone implants are bad news? You must be joking! Implants can affect tits beautifully, giving them outstanding shape and letting them defy gravity!

Q. Do you have a message for your British fans?

A. Cop a feel whenever you can. Enjoy the view – that's what they're there for!

Q. What do you have planned for the future?

A. More big-busted women!

Q. How many different words for 'breasts' do you know?

A. Majungas, pazoozas, bazookas, balloons, melons, mammaries, jugs, tits, airbags, flesh pillows, knockers, boobs, norks, la-las, baps, Bristols, mounds, peaks – the list is endless!

When You're In Love With A Beautiful Woman by Dr Hook: "When you're in love with a beautiful woman... It's hard..." How did this get past the censor? Filth.

One Bad Apple by The Jackson Five: "One bad apple don't spoil the whole bunch, girl..." Apples do not come in bunches, you moronic Motown misfits.

My Way by Frank Sinatra: "When I bit off more than I could chew... I ate it up..." If you bite off more than you can chew, how can you eat it up, unless you're a 'gator?

Nah Nah Is The Saddest Sound by The Stylistics: "Nah nah is the saddest sound..." Hard to justify, unless 'Nah nah' is Swahili for 'Your hamster has died.'

The Lady In Red by Chris de Burgh: "The lady in red... Is dancing with me cheek to cheek... I hardly know this beauty by my side..." They're dancing cheek to cheek yet she's by his side, so basic geometry dictates that her neck must have a right angle in it. I don't fancy yours much, Chris!

I'd Like To Teach The World To Sing by The New Seekers: "I'd like to teach the world to sing in perfect harmony..." Let's see: six billion people in classes of 30 at four months each, by which time they will be perfect. Shouldn't take more than 66 million years.

Teddy Bears Picnic by Some Plummy Bloke: "You'd better not go alone... You'd better go in disguise... It's safer to stay at home..." Disguises, espionage, bodyguards – ample testimony to the murderous ruthlessness of all cuddly toys.

LIK US OUT!

"I've died and gone to heaven!" cried the Ed when he opened the envelope, "they're launching a new Oriental beer and I'm invited to the launch! Get busy, you lot, I'm off to the party in Chinatown. I expect the magazine to be ready by the time I return in a state of inebriation."

Luckily, he left his press pack on the desk, so all we could do was leaf through it and enviously imagine the carnage he would be causing a stone's throw from Raymond Towers. We read the bizarre fact that Sun Lik (nice name, you pony-tailed, brace wearing ad agency tossers) is brewed by Shepherd Neame of Kent in an agreement with the Spanish San Miguel company. Excellent credentials for an 'unmistakably Oriental taste'. We were starting to feel better already, so when the Ed walked back through the door minutes later wearing the sort of expression reserved for people who've lost a winning lottery ticket, we could hardly suppress a laugh.

"I don't believe it!" said our resident Meldrew, "They were handing out *Perrier* – no wonder all the journos were leaving. Cheapskate bastards! Still, I did at least manage to get a mouthful and they're lucky it tastes alright or we'd really slag 'em off! They don't deserve a story anyway..."

RUCK!

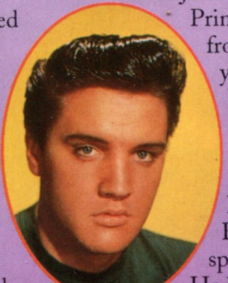
The fights we'd love to see

IT'S A RIGHT ROYAL KNOCKOUT!

Phil the Greek scans the horizon, his eagle-sharp eyes picking out every detail of the countryside around him. He sees rabbits scurrying across the bracken, pigeons flying overhead and pheasants frolicking across frozen fields. "If only I had a shotgun," Phil thinks, "I'd blast those furry and feathered fuckers to kingdom come! Then they'd see who's the boss, who's the king! To become the ultimate king, I must eliminate every other king. I'm halfway there already."

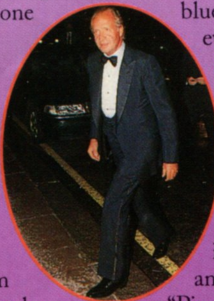
His mind wanders back to the early eighties. "Those 'King Singers' with their close acapella harmonies and frequent appearances on Harry Secombe's *Highway* – they thought they were big shots! They didn't sound quite so sweet after I'd replaced their Listerine with hydrochloric acid, did they? Ha ha ha!"

"Then there was that blubbery redneck who had the gall to call himself 'The King'. King of burgers, maybe – a canister of compressed hydrogen concealed in a Big Mac soon exploded his royal pretensions – literally!"



"And who was it who sealed the fate of Seventies TV detective and *bon viveur* Jason King? Surely the crate of Bollinger special vintage that was delivered to the star's dressing room by a mysterious but wealthy fan couldn't have been… booby-trapped?!"

Before his deranged, blood-lusting mind can ramble on any further, he notices a figure approaching across the fields. Instinctively, Phil hits the deck and dives into a ditch. The bowie knife strapped to his leg seems to beg him for flesh. As does the one hidden next to his ankle. And the one in the shoulder holster. And particularly the emergency combat knife concealed between his rippling pecs – just in case.



Poking his head up (the camouflage paint smeared across his face keeping him virtually invisible), Phil watches as the familiar figure gets closer. The regal gait, the distinguished profile – it's a genuine, 100% proof king – Juan Carlos II of Spain, to be precise! At last, the chance to off a real blue-blood! The anticipation crackles through Phil's taut muscles as his mind races – by slaying the head of Spain's constitutional monarchy, will he, Prince Philip Popadopoulos-Windsor become KING OF SPAIN?! He feels a stirring in his loins that he hasn't felt for years. Since Andy was conceived, anyway.

Like a coiled spring, he leaps out of the ditch and onto the Iberian monarch. "Where's your crown, Carlos?" he shrieks, as he lashes Juan's aquiline features. "I'm gonna stick that jewelled baby on my bonce, slaughter a few thousand doves, reform the Armada and unite the crowns of Spain, Britain and Greece! My statue will be erected in every village and then I'll invade China! That'll teach those slant-eyes to make fun of me. I'll shag some really fit birds for a change and eat as much moussaka as I want!"

In the face of such a frenzied attack, only one thing could possibly save a man – breeding. His Royal Highness fixes Phil with a steely gaze after repeatedly sidestepping his attempts to stab him, matador-style. In perfect English, with just the slightest hint of Julio Iglesias, he says: "Ah, Prince Philippé, the arsehole from Athens. Still living in your sad, deluded world. You're not a king and you never will be. Get on your knees and kiss my ring, Stavros."

Phil feels dizzy. Everything's starting to spin, his vision is blurred. He half-stoops as if to obey the nob's instructions, but the burning hatred has been festering in his blackened soul for too long! He pounces and plunges the knife into Carlos's chest. Blood pours out. "But it's red! It's supposed to be blue! You… you're just like everyone else, you just haven't got a proper chin!" The shock is too much. Somehow, his hands, which have been trained to kill from an early age, clasp the blade even tighter and… plunge it into his own ribcage again and again and again…"

"Pip, wake up and make one a cup of char," says a high-pitched voice in his ear as an elbow digs him. "Come on, Zorba, one is simply gasping. And bring me a packet of Royals while you're at it – we've got to be at your World Wildlife dinner this afternoon…" Poor old Duke of Edinburgh!

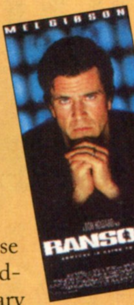
Mars Attacks! (12)

Yeah, we did tell you about this a couple of months ago, but then they knocked the release date back, so we're telling you again about Tim Burton's visually stylish, star-studded sci-fi fest. *Dr Strangelove* meets *Independence Day*.

Ransom (tbc)



Mel Gibson continues his fine run of form with this thriller. It starts out as a routine story about a rich businessman whose cute wee son is kidnapped by evil Gary Sinise, but hang around for the brilliant twist half an hour in.

The Spitfire Bar And Grill (12)

A real tissue-strainer; unfortunately of the kind that makes your wife cry. Still, lead gal Alison Elliott can grill our sausages any morning. Babe alert!

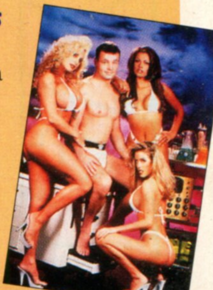
Mission: Impossible (15)

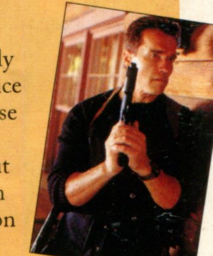
It's not quite as visually impressive on the small screen, but it's still a cut above your average action/espionage thriller. The suits are nice, Emmanuelle Beart is drop-dead gorgeous – the only thing that lets it down is the music, which isn't a patch on Lalo Schifrin's original score.

Frankenpenis (18)



You can't keep a good man down. Or John Wayne Bobbitt. This documents JWB's hospitalisation and treatment by a highly-trained team of medical professionals who like nothing more than fucking patients on the operating table. And we're not talking NHS cuts…

Eraser (tbc)



It bombed badly at the box-office (probably because we said it was quite good), but by Arnie's own no-brain action vehicle standards, this is fine, and compared to *Jingle All The Way*, his lamentable follow-up, it's a work of undiluted genius!

Remember: You saw her here first!

"All done in the best possible taste!"

"Oi! Like my tits?"

...at least they're not steam-driven!

Recognise the covergirl this issue? You ought to, for it is none other than Lynda Lusardi (with a 'Y')! Yes, luscious Lynda made her one and only totally nude appearance this issue (she got all modest afterwards), and here is an excerpt from the mini-interview which accompanied the stunning shots: "It's not every day that a girl standing at a bus stop gets an offer to model for *Mayfair*, but that's just what happened to 18-year-old Lynda: 'My first reaction was one of total disbelief,' recalls 35C-23-34 Lynda, who works in the accounts department of a large Holborn office." Ahhh, bless her – little did she know what an appearance in *Mayfair* would do for her career prospects!

Other horny highlights included the delightful Susan Backlinie ("The nude from Jaws!"), pretty little Alison Leigh from Lancaster (even if she was rather more robust round the midriff compared to the models of today) and, of course, cartoon cutie Carrie (who manages to lose her clothes while skiing – well, it makes a change from ripping 'em on a barbed wire fence!).

Other than that, the issue included an endearingly predictable feature on 'The Ubiquitous Smoothbore' (an English-made hunting rifle), some shite about the hi-jinx enjoyed by Cambridge University scholars, a review of *The Texas Chainsaw Massacre* and a yawnsome article highlighting the 'historical' Brooklands race track (snore). Ah well, the Lusardi scoop more than made up for the questionable editorial features, so just remember folks – you saw her here first!

Girl-wise, the best of the bunch was undoubtedly Janet McPherson – a gorgeous 21-year-old Scottish lass who was whisked off to Tunisia for a fine photo-shoot. But other than that, the totty quality was pretty lacklustre to be honest.

Features ranged from the usual lavishly-illustrated tosh about steam-powered doodahs (this time round it's ploughs, for fuck's sake!), plus a half-decent examination of the life and times of 'The Desert Fox', Rommel (complete with the compulsory oil painting – are they all hanging in a gallery somewhere, or what?) and a collection of VW Beetles to gawp at. As you'd expect, this is all going to set you back a bit more than anything you inflate with a foot-pump on your holidays. Let's just say that to get the necessary quarter of a million nicker (plus VAT), you'll probably need to be involved in, for example, some sort of major global trading venture with excellent suppliers and distributors. You're the sort of man with several Swiss bank accounts who enjoys long-distance travel, but needs to get away from it all at short notice every now and again, and likes the sense of peace and anonymity provided by international waters.

But if your honest day's work provides a bit less income, you can still own a Fairline – the Zodiac dinghy nestles under the Targa's sundeck and can be yours for a mere two grand – ideal for smuggling illicit sticks of rock across Morecambe bay from Blackpool.

DO YOU KNOW THE WAY TO ST. TROPEZ?

Ideal for messing about on the Riviera, the Fairline Targa 48 is pretty much the barnacle's bollocks. It may look like a cross between a Ladyshave and the set of Alien, but few hair scrapers or interstellar scrapyards boast three double cabins, two heads (khazis, mate) a cordon bleu galley and a large saloon, which is great for getting young French girls tipsy before you cart them off to the captain's cabin for a bit of oo-la-la! The 35 knot top speed carries you beyond the four-mile limit before you can say 'jurisdiction' and a state-of-tomorrow's-art cockpit comes complete with an elm dashboard, stainless steel levers and an electronic echo-sounder that will locate any discreet little packages your business associate from Morocco might have left bobbing just beneath the surface…

Okay Anita, tell us something amazing about yourself.

That's a tricky one. Um, I can do the splits, look! [she does!]

That truly is amazing.

Obviously, it's not a lot of use when I'm waiting tables...

We didn't think so, somehow.

...but you can stop laughing, because more than one man has had proof of how amazing it can be in bed. If you can do the splits, you can get into some very, very sexy positions, like the ones in the **Kama Sutra.**

Do you have a particular favourite?

It changes from week to week, but my favourite at the moment is to make my lover lie on his back on the floor with his prick sticking up in the air. Then I stand over him and really slowly start to go lower and lower, an inch at a time until my pussy slides right down over him. And best of all, I tell him that if he tries to stick it up me, I'll go back and start all over again. You should see the looks on their faces as they try to resist it!

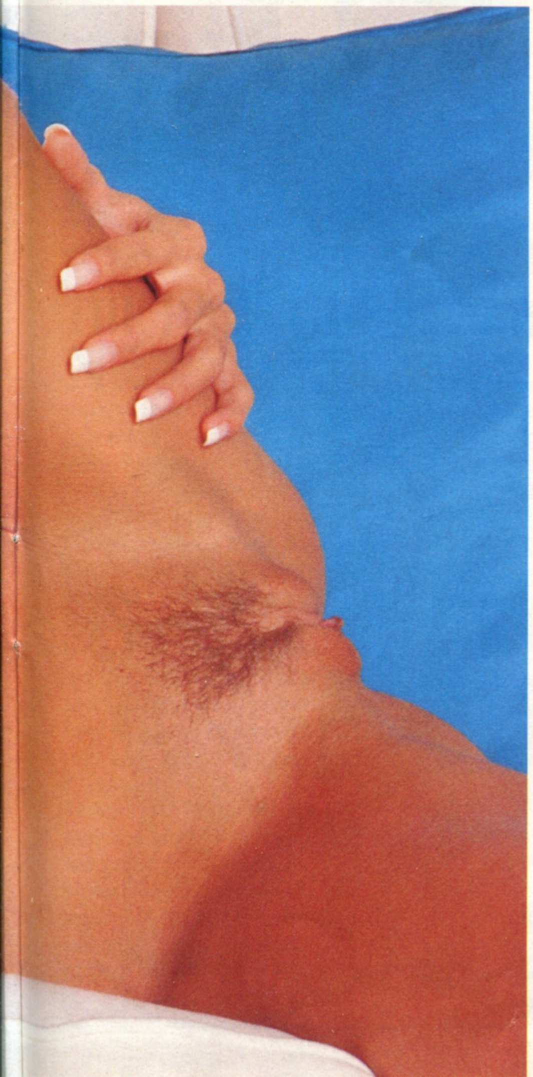
That sounds like the sort of torture most of us could quite happily put up with!

It must be alright, because they always come back for more! I know you won't believe this, but right now, I'm practising doing loads and loads of handstands. I'm going to combine it with the splits and take out a copyright on my very own sexual position.

What's it going to be called, the 'inverted akimbo' or something?

No, it's just going to be called 'Anita'. One day, there are going to be thousands of men all over the country saying: 'I could really do with having great Anita!'

Looking at these pictures, that's probably happening already...



PICK-UP TRICKS TO PULL THE CHICKS!

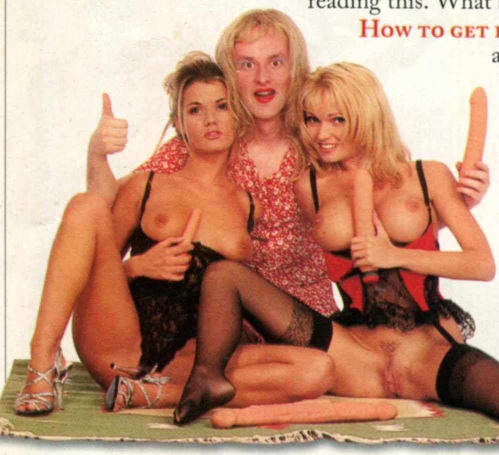
CHATTING WOMEN UP IS NO DODDLE AT THE BEST OF TIMES, BUT WHAT CHANCE IS THERE WHEN EVERY DISCO, BAR AND STAFF CANTEEN IN THE COUNTRY IS PACKED WITH EAGER YOUNG BUCKS ON BEAVER PATROL? BUGGER ALL. HELP IS AT HAND, HOWEVER, THANKS TO THIS TOTTY-TRACKING RUNDOWN ON THE BEST ALTERNATIVE SPOTS TO CRUISE FOR CRUMPET...

THE ANN SUMMERS PARTY

Wads of girls in a state of sexual frenzy, trying out donkey-sized accessories on each other in the privacy of their own homes. Yes, it could even be happening next door while you're reading this. What are you waiting for, man?

How to get in: Put on a wig and dress and pretend to be a hair stylist called Amanda. Rave about how the 'Black Mamba' makes your fanny feel electric.

Embarrassment potential: If caught in drag, you will be shot as a spy. They'll probably pin you to the floor, do all sorts of unmentionable things to you and send videos of it to your best mates!

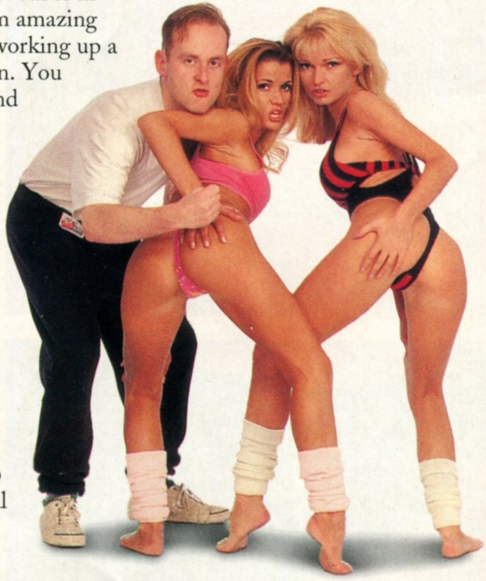


THE DANCE STUDIO

Packed full of incredibly fit babes in leotards who can perform amazing feats of contortion and like working up a sweat, this is a prime location. You will be forced to ponce around like Wayne Sleep, but it's a small price to pay for access to the kind of thighs that can crack walnuts.

How to get in: Join a class, conspicuously announcing your love of ballet and Gene Kelly films.

Embarrassment potential: Monumental. Remember John Travolta in *Perfect?* That's what you'll look like. And if they ever find out about that rolled-up sock down your strides, you'll be dead meat for sure.

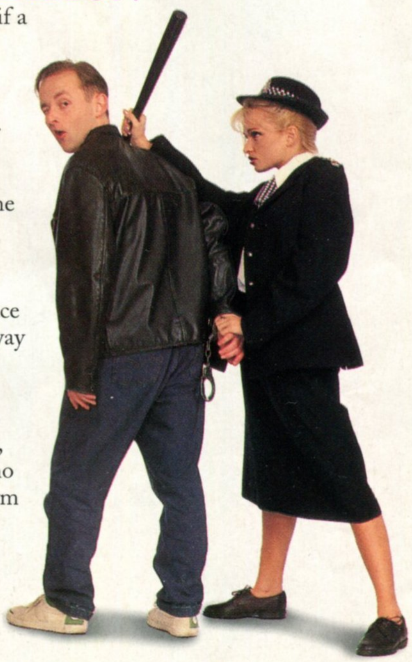


THE POLICE STATION

Policewomen are very horny, if a little rough. They all have a uniform, a truncheon and handcuffs, so think of the money you'll save on accessories. Get on the wrong side of them though, and you'll be finding tickets on your windscreen for the rest of your life.

How to get in: By getting arrested. Nothing too serious, please – urinating in a public place is a good one, and an excellent way of advertising your wares.

Embarrassment potential: You could be banged up with 'Mr Big', the local hyper-violent, leather-clad moustachioed psycho who hangs out at the YMCA gym a lot. In jail, Goering topped himself with a cyanide pill concealed in his shoe – you might consider this option under such circumstances.



THE SWIMMING POOL

Hot, wet and smelly – and that's just the water! The women are all half-naked and have nowhere to run. Only a foam-churning front crawl or macho butterfly stroke is permissible to impress the babes, so make sure the swimming pool has a fully-equipped medical centre with plenty of oxygen canisters.

How to get in: Buy a ticket. Borrow a baby and join the post-natal 'Mums and babies' class and they'll all be mad for you as a 'caring, single Dad' raising the sprog on your own.

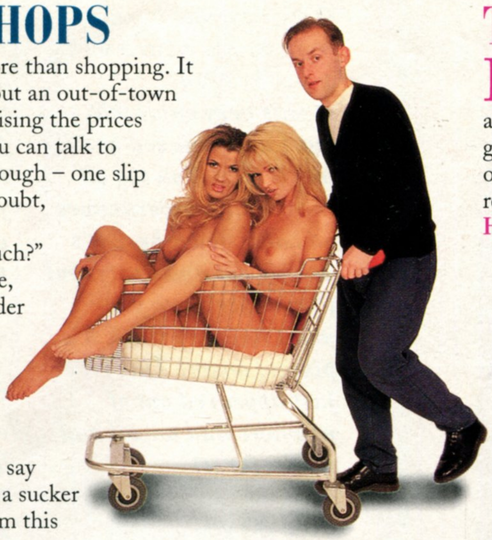
Embarrassment potential: Swimming trunks – designed by Satan to make you look porky with small tackle. Enough said.

DOWN THE SHOPS

Women love nothing more than shopping. It turns them on. Stake out an out-of-town shopping centre after memorising the prices in an Argos catalogue and you can talk to them for hours. Be careful though – one slip and they'll smell a rat. If in doubt, blurt: "But don't you think Waitrose has improved *so* much?"

How to get in: Park outside, give 2p to a charity box in order to get a badge (it'll show you're generous and caring) and wander around, pulling a fake 'shopping list' out every few minutes. When you've got her talking, say "It wasn't on my list, but I'm a sucker for a bargain. Are you, 'cos I'm this week's special offer!"

Embarrassment potential: If you overdo it, she'll assume you're gay. There's a huge danger you'll lapse and say: "Sod this, just buy the cheapest one – when does the footie start?"



THE MULTI-STOREY CAR PARK

Despite political correctness, you've got to admit that, on the whole, women and cars don't mix well. Which is exactly what gives you such an easy 'in'! Hang around any car park for long enough and you'll be able to gallantly come to the aid of some poor damsel whose car won't start. Tip the odds in your favour by removing her distributor cap, then perform a 'miracle' repair job by simply putting it back on again. Lots of scope for 'big end' gags.

How to get in: Get a ticket at the entrance barrier. Careful though – lost or damaged tickets will be charged at the daily rate.

Embarrassment potential: Sod's law dictates that your first target will be last year's women's RAC Rally champion. And if she finds out that bulge in your trousers is her gearbox rather than a stonking erection, she'll do you for vandalism or worse – be careful!

THE LAUNDRETTE

You haven't got much chance of bumping into any rich totty at a laundrette, but the places are packed full of bored housewives and student girls and where there's student girls, there's flatmates – lesbian sessions a go-go! Washers and driers have a strange, hypnotic effect on women, making them open to even your most disgusting suggestions. A bin-bag full of Calvin Klein underwear will impress, but always put in a skimpy G-string as well so you can hold it up after the wash and say "Does this belong to anyone here? It's the wrong colour to be mine."

How to get in: Don't take any coins at all, just notes – then you'll have a reason to go around asking anyone you fancy for change.

Embarrassment potential: Wash your clothes before you take them to the laundrette. Skidmarks and curry stains don't generally turn a woman on and, if they do, she's certainly not the sort you want to get mixed up with.

THE LOCAL GYM

Like the dance studio, plenty of hot totty, but here you've got a good excuse to be a macho man. All the women are maniacally obsessed with physical appearance, so if you've got a half-decent torso and change for the isotonic drinks machine, you're away. On the other hand, a pint and a fag afterwards is out of the question and getting the right designer gear to impress is staggeringly expensive.

How to get in: Don't bother joining – it costs a fortune! Just keep going back for the 'first free session' most gyms offer, wearing an assortment of sunglasses, headscarves and false facial hair to disguise yourself. Memorise this chat-up line and deliver it whenever you hear a bird say she's sweating: "Horses sweat, gentlemen perspire, but beautiful women *glow*."

Embarrassment potential: Life-threatening. In an effort to lift more than her, you have a cardiac arrest and drop down dead. All those bodybuilders will give you an inferiority complex.

THE PRIVATE HOSPITAL WARD

NHS hospitals are full of demoralised, underpaid nurses, female consultants who don't exactly feel like playing doctors and nurses after their third straight seventy-two-hour shift, addled patients wandering aimlessly from ward to ward and managers who never turn up because they know the staff want to kill them. Nick some rich geezer's ID, book into a private hospital and order whatever you want: bedbaths, blow-jobs, mass orgies, it's all on the menu – for a price, of course…

How to get in: Petty theft is preferable to sustaining a genuine injury – there's nothing wrong with most private patients anyway, but they're not gonna tell you that, are they? If you've got a suitably aristocratic bearing, bluff it out that you're the Duke of Westminster and you're looking for a wife. You'll have to beat the nurses off with your gold-plated bedpan.

Embarrassment potential: If you let slip your real identity by choosing fish and chips on the menu rather than Dover sole, they are legally entitled to perform any *Island Of Dr Moreau*-style surgery on you they want to.

THE RAILWAY STATION

Every woman fantasises about having a *Brief Encounter*, so hang around under the clock in a Victorian shed with a bunch of roses looking like you've been stood up. Spot a piece of crumpet, hand the flowers to her, saying: "You should have these. At least there is some beauty left in the world…" in a clipped, Trevor Howard voice and walk towards the edge of the platform. You'll never get there, she'll have dragged you into the cafe for tea, scones and a quick one in the loos before you can say "Tickets please!"

How to get in: Do it on a Friday – the trains are so expensive then, she'll assume you're a rich surgeon from Surrey with a big mansion.

Embarrassment potential: If she's been stood up for real, she'll probably grab you by the arm and pull you under the next express train as some sort of grand romantic gesture.

Kirsty, how was the safari you said you were planning in Vol 31 No 7?
It was very enjoyable, but I was amazed how wet it was. You see all the wildlife programmes on television where it's baking hot and dusty, but they never show you what happens when it's pissing down! This river just appeared out of nowhere and we all had to run for it!

Who did you go with?
In the end I went on my own. I'd just split up with my boyfriend and he wanted to get his money back, so I thought: "No way mate, I'm off!"

Did you meet anyone while you were out there?
Yes, one of the game wardens really took my fancy, and I think I took his. He took me out in his jeep and we got really close to a pride of lions, which was quite scary. They were very beautiful animals, though.

So, was he hung like an elephant or a marmoset?
That's for me to know! All I will say is that I'm planning on going back to South Africa as soon as I can, and I think I might soon be getting a visit from someone with an all-over tan – and I mean really *all over!*

What else have you been up to?
Oh, just the usual stuff at work, but now I've got such happy memories of Africa, my mind keeps wandering and I think about making love next to a campfire under the stars.

Aha! So you did bag a bit of wildlife!
Alright, I admit it! We drove out into the veldt and had mad, passionate sex all night and it was fantastic! I kept pretending to hear animals creeping all around us, just so I could snuggle up close to him – and get him turned on again. I think he knew what I was up to, but he didn't complain. While I'm at it, in answer to your earlier question, no his cock wasn't massive – but it was hard!

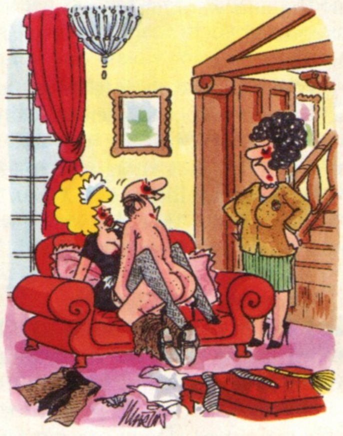
20TH CENTURY FUCKS

This is letter number fifteen in support of more space for the excellent *Decades Of Decadence* feature. [Blimey, he's counted them – Ed] but if you've made up your minds not to give this splash the full page it clearly deserves, I may have a compromise – why not increase the number of pictures of girls from the seventies and eighties and reduce the amount of words?

I'm sure all your readers would like to see more models in *Mayfair* and it doesn't matter when the pictures were taken. A stunning girl with a great body is worth looking at no matter which decade she happens to be from.

Personally, I can't decide which decade was the most decadent [the 1890s, surely? Ed]. I have to say they're all brilliant and *Mayfair* captures the mood of the time perfectly. What I do know is that the start of a new decade has been important to me. In 1970, 1980 and 1990 I enjoyed some extra-special shags.



"Honestly, dear, The things one has to do to keep one's staff these days!..."

In 1970, I was 24 and quite inexperienced, but thanks to my first proper job I met Monica, my boss's secretary. She was in her thirties and taught me everything I ever needed to know about sex. All the things I learned from her, I've put to great use in the last 27 years.

In 1980, I'm ashamed to say I trod on the toes of Bernard, my closest friend. Luckily, he still doesn't know about the six months of fucking I enjoyed with his delightful wife, Penny, so he's still a friend. [Not if he reads this – Ed]

Penny was the typical bored housewife. She had great 40-inch tits and a firm, round bum. For six months, she begged me to treat her as a sex slave. Pure lust was never so good.

Describe your first experience of phone sex…

My first experience of telephone sex was a few years ago with an old boyfriend. We'd spent most of the previous weekend sucking and fucking. When he next called, I told him I'd really enjoyed what he'd done to me and that my pussy got wet when I thought about it. Things kind of went from there and before long I was squeezing my tits and wanking myself off as we re-lived every detail.

What's so good about telephone sex?

I find it really, really erotic and therefore very intense because you have to rely so much on your imagination. And if you're anything like me, that can lead to some wonderful thoughts about what the other person is doing, wearing etc.

What do you actually do?

I like to have just had a nice long, hot bath. I like to be naked and I always have a bottle of baby oil ready. I love to listen to the other person tell me to play with my tits or tease my clit or slowly rub my pussy. And I always have a copy of *Mayfair* handy. The trouble is, I'm not always ready when the call comes, so I have to do it in whatever I'm wearing at the time, and do a kind of telephone striptease.

How far have you gone?

I once had a boyfriend who told me he'd found my strap-on dildo in my flat and started talking about how he wanted to watch while I fucked another girl in front of him. I got it out as he spoke and started using it on myself by holding it on the floor, pointing up, and lowering myself down onto it.

Have you discussed it with anyone else?

Yes, with a girlfriend. We were having a night in and got round to discussing our fantasies. I ended up telling her about the telephone sex I'd had and how erotic it was. Both of us were getting more and more turned on until she suggested we could do it there and then.

She ran upstairs to the bedroom, telling me to pick up the phone downstairs. At first, we pretended she'd phoned me for a sex chat but the best part was when she told me to "Hang up… and come to bed."

How far can you take telephone sex?

You can take the fantasy further than usual because you're not face-to-face, so it takes more for you to get embarrassed. You're just responding to what's being said and trying to match the imagination of the person on the other end. It's a good way of testing the water with someone you haven't fucked, because you can come up with ideas about what to do when you get it together!

If you could have phone sex with anyone, who would it be and what would happen?

It would be with one of the *Mayfair* models. I know which one I'd like, but I'm not telling you the name! Her pictures really turn me on and I'd love to seduce her.

First, I'd ask if she knew lots of girls read *Mayfair* and ask her how she felt knowing her pictures got me excited. I'd say I was wet just from hearing her voice at last.

Then I'd ask her to let me give her an all-over body massage. She'd come around right away and I couldn't wait to let my hands glide all over her smooth skin. I'd start off on her back, but then I'd ask her to roll over and let me at her sweet breasts. I'd tease the nipples and cover her with oil, slowly sliding down to the inviting bush of her pubic hair. I'd rub more oil between her legs and run my fingers along her wet crack until she told me to go all the way and slip them inside her for a long, deep finger-fucking…

Describe the most erotic telephone sex experience you've had…

I still get very turned on just thinking about it. I used to work in an office and one evening I couldn't get away because the phone kept ringing as I was about to leave.

I got a call from Lisa, one of our buyers, who I'd never spoken to before. In fact, she was a total stranger to me. As the call went on, I started finding her voice sexier and sexier. It was slightly husky and breathy, the sort of voice you'd love to have whispering in your ear (and not just through the earpiece!). I began wondering what she looked like. She was about to hang up when I found myself blurting out: "Don't go, Lisa – I've really enjoyed talking to you."

"So have I," she said. "We've been very formal so far, though. Why don't you tell me more about yourself?""Are you coming on to me?" I asked, excited at the thought.

> "IT REALLY SATISFIES MY HUNGRY PUSSY WHEN A BLOKE'S BEEN TEASING ME WITH DIRTY TALK"

> “BEFORE LONG I WAS **SQUEEZING** MY **TITS** AND **WANKING** MYSELF OFF ”

“Do you want me to?” she replied, laughing.

“Yes… more than anything!”

“Alright Carrie… it’s fairly late, are you alone?”

“Yes.”

“What are you wearing?”

“Just a blouse and skirt…”

“Underwear?”

“A black bra and panties.”

“Take them off. Right off.”

I couldn’t get naked quickly enough and held the mouthpiece close to my clothes as I stripped so that Lisa could hear the fabric rustling. It felt strange sitting there in the buff in my office, but it was also very liberating.

“Are you naked?” she asked. I could hear her breathing a bit more heavily and guessed she must be rubbing herself. “You’re getting me very horny, Carrie. Tell me about your body. Tell me about your tits, what are they like?”

“They’re small and very firm. I’m squeezing them now… my nipples are going really hard…”

“Pull them, Carrie! Squeeze your nipples harder. Imagine it’s me doing it… now play with your cunt! Tell me about your pussy!”

“It’s neatly trimmed. My pubes are black. I’m touching it now… I’m all wet, you’ve got me all wet, ready to be fucked…”

“Finger yourself,” she ordered. “Play with that nice little pussy of yours. Wank for me. I want to hear you come!” As she said this, I was pushing two fingers in and out of my hole, getting faster and faster – I could hardly hold the phone. I couldn’t speak any more, I was making gasping noises, but I could hear her moaning as well.

“I’m doing the same,” she said. “I’ve got my hand up my skirt between my legs, can you imagine it, Carrie? Hmm, that feels so good. I’m sitting here wanking myself like crazy and thinking of you doing the same thing. Oh, I’m coming!”

“So am I!” I managed to blurt out as a huge orgasm hit me. If anyone had got a crossed line at that moment, I don’t know what they would have thought – all you could hear was screaming!

That was such an erotic experience, especially because it was with a complete stranger. Of course, we met up later, but that’s another story entirely!

What would you say to someone who had never tried having telephone sex?

I’d just say they should try it. It’s unbelievable, being forced to use your imagination is so erotic and I’ve been able to explore many of my wildest fantasies. If you can turn someone on over the phone, you can always say: “Why don’t we meet up later?” You already know you excite each other, so get together and live out your conversation!

> “**IMAGINE** IT’S ME DOING IT… NOW **PLAY** WITH YOUR **CUNT!** ”

What was your first experience of phone sex?

The first real time was when I was away from a man I’d just started seeing. I went to Scotland to visit my family, though I stayed in a hotel. With a private phone line in my room, Dave and I were speaking every evening and by day three, the sexual yearning was really building up.

Dave started saying how much he was missing me and started to graphically describe what he would do to me when he saw me again. He was exciting me and when I told him, he admitted that he had a massive hard-on. When I said what a naughty boy he was, he started groaning and asked if I’d like to hear him wank.

I told him that was too naughty and he didn’t deserve to come yet, but if he rang at the same time the following night, I’d see what we could do about it.

What is so different about telephone sex?

It uses the strongest form of sexual power – the imagination, because the only stimulation is through sound. It is fantasy paradise, where virtually anything is possible through the mind.

It can also be totally anonymous, which gives immense freedom for sexual experimentation.

How do you go about turning someone on?

When I am turning a man on, I like to talk very explicitly, with no holds barred. My voice becomes very lustful and I graphically describe the image in my mind. My lips often feel very hot and swollen as I start to get turned on and I enjoy licking them and mouthing the mouthpiece of the phone set. The wet sound of this usually convinces the man that I long to be closing my luscious lips over his big cock and gently teasing the come out of him.

One man convinced me he was going to fuck me with the phone and I have actually stimulated myself with the handset – it’s so big and hard that I get a bit carried away, but it really satisfies my hungry little pussy when a bloke’s been teasing me with dirty talk…

What’s the most extreme thing you’ve heard of?

When I was employed as a professional on the phone, I had a regular caller who was a top barrister (and probably very respectable, too – they always are!). He used to get me torturing him verbally, describing my use of a whip, amongst other things. He used to shriek “Yes – it’s so kinky, so bent and kinky!” Bizarre, but sexy!

Has anyone else told you about their experiences?

My best friend goes out with a city analyst who works in an open-plan office, and she likes to phone him at the busiest time of the day. She is superbly vulgar to him, saying things like: “My juicy cunt is dripping for you,” and “I want your cock up my arse, you bastard!” He has to sit there saying “Yes” and “I see” as if it was a normal business call, tying to hide his hard-on. I quite fancy giving him a ring myself and spicing things up even more!

> THERE'S NOTHING I LIKE MORE THAN **GETTING DOWN** ON MY **KNEES** AND **SUCKING** ON A **BIG, JUICY COCK**

Is there anything else you'd like to try?

I wouldn't mind trying a three-way line with two men to bring off together. I'd like to hear them talking to each other about me while I masturbate. Then I'd play them off against each other my asking whose cock was the biggest, who was going to shoot their come the furthest up my pussy and so on.

If you could have a one-to-one with anyone, who would it be, and what would happen?

I'd want a priest. I'd start off confessing that I had been rather naughty in the past, making a living from turning men on. He'd ask me exactly what I'd done and I would describe how I used to imagine men on the other end of the phone getting big and hard as they pictured me stripping off and rubbing myself with the handset.

Eventually, his breathing would get deliciously heavy and uneasy and I'd say he needed to experience what I meant, if he was to redeem me. I would describe my arousal (erect nipples, dripping hole and a gaping fanny waiting for him) and bring him off in huge gaping spurts!

What's the best experience you've had?

I was with my lover when we decided to phone a dirty sex line for a thrill. The girl on the other end was very experienced and I explained to her that my bloke was going to have great fun listening to her turn me on in front of him. She started to describe what she found attractive about lesbians, and although I'm not really into the whole 'dyke' thing, the thought was obviously a huge turn-on for my boyfriend, which made it seem like a great idea!

We put the phone on 'speaker' mode so we could both listen as she told me to strip and open my legs for my boyfriend to see my clit. I shut my eyes and let my imagination do the rest.

My boyfriend had his prick out and as the voice instructed me, I straddled his face with my pussy, bending over him in the '69' position to get his cock in my hot mouth.

She ordered him not to touch my fanny until he had sucked my clit. She wanted the phone rubbed against my fanny, and I could feel the vibrations of her voice when I pressed the handset to my hole. We both came and I sucked every drop of creamy come out of his tool!

Describe your first telephone sex session…

It happened when I was at college. I was doing a course (ironically, in Communications Studies) but I needed to do some part-time work to get a bit of money. I saw an advert for telephone operators in the local paper, so I got in touch. It turned out to be a company that dealt with sex lines.

TELEPHONE
TELEPHONE
TELEPHONE

I almost walked away when I realised, but Joan, who was showing me around, was really friendly and intelligent, so I thought I'd try it for one night – if nothing else, my experiences could form the basis of an unusual essay!

There were three of us girls working that night. Melanie was another student and Tina and Joan were both housewives. Each of us had a little soundproofed booth, though we could talk to each other on an intercom system. I don't think most companies are this high-tech, but it was very professional and relaxing sitting alone in your little booth with just a telephone and a load of sexy magazines and books on the desk.

> I **FRANTICALLY SUCKED** EVERY **DROP** OF **WHITE COME** OUT OF HIS **TOOL**

I almost jumped out of my skin when the phone rang for the first time, and my hand was trembling as I picked up the receiver. The voice on the other end sounded quite young and nervous and he just said: "I want you to turn me on by talking dirty."

Earlier on, Joan had said: "There's no use me giving you any tips, love. You can either talk dirty or you can't, and you'll know as soon as you try." I soon found out I am one of the people who can.

What did you say?

I started off by reading bits from the magazines and changing them around a bit in my head. The first thing I said was: "I want your nice big cock to go hard for me – please touch it."

"Tell me what to do," he said.

> SHE TOLD ME TO GO **ALL THE WAY** AND **SLIP** THEM **INSIDE** HER

"Unzip your trousers and pull it out into the open. I just know you've got the sort of hot dick I like inside me. Stroke it the way I want to stroke it with my tongue. I'm going to lick every inch of it, then slide my mouth down your shaft and fit it all into my mouth. There's nothing I like more than getting down on

my knees and sucking on a juicy cock like yours."

I could tell he was wanking himself from the groans and the shuddering sounds caused by the phone being shaken about. To be honest, I was genuinely getting wet as well, with my head full of sex. It was like I was caught up in a river and was just going with the current. Nothing existed other than sex – it was so intense, and I started telling the man on the other end of the line how I was thinking about him shooting his load all over my tits.

He came quickly, and after a few deep breaths he said "Thanks, that was great!" and hung up.

What is so different about phone sex?

Well, the most obvious thing is that it's the safest form of sex there is, because you're not even in the same room as the person you're having sex with. And I do really think it is 'having sex', not just talking dirty. Regular sex doesn't just involve the body, it's a mental thing just as much, and that's the area you concentrate on when you're having sex over the phone.

> "TELL ME TO PLAY WITH MY TITS OR TEASE MY CLIT"

I think it can be very good for you. I was going through a bit of a rough patch, having just split up with my boyfriend, and working on the sex line provided me with a safe outlet to vent my frustrations. I had some of the best fucks of my life sitting in that booth!

What's the most extreme thing you've heard of?

I got to hear loads of stories from the other girls. Tina had a client who called every day at exactly half past ten. The first time he'd called (he was very well spoken, apparently) he'd been very polite and given Tina exact instructions on what to say when he called back the next day at the same time. He was as good as his word, and when Tina picked up the phone, she started shouting "Fuck my hairy cunt! Fuck my hairy cunt!" over and over again for about a minute. By then he must have got his rocks off, and hung up. Then 24 hours later to the minute, he did exactly the same!

One guy phoned up who never said anything, but behaved like a dog! If we said something he liked, he barked, and if we said something he didn't like, he whimpered. Whichever one of us got his call, we'd always switch it onto the intercom and we'd all just crack up listening to it! He must have spent a fortune calling us, just to bark!

What was your most erotic call?

I can remember every word of it. Sometimes, you'd get someone with an absolutely amazing voice who turned you on just as much as you turned him on – then it really was like having sex.

"You're going to make me come," he said. "I can sense you on the other end of the line before you've even said anything. I can tell you're really hot, just my type of woman."

His voice was very deep with a hint of some sort of foreign accent (it could have been Spanish). I immediately imagined he looked like one of the hunky male models I could see in an aftershave ad in one of the magazines I had open in the booth.

"I want you," I said. "Your voice turns me on. I'm excited but a little bit scared – my soft, smooth thighs are shaking with anticipation. I want you inside me. Tell me what you want."

"I want to slowly undress you. I'll gently lift your bra off and squeeze your lovely, rounded breasts, then lick your nipples so they stand out hard and hot. I will kiss your mouth, then slide my tongue down your neck, between your breasts, across your stomach and down to the musky perfume of your sweet cunt."

He said that last word so softly it was almost a whisper, but it really turned me on. I closed my eyes, unbuttoned my jeans and thrust my hand down between my legs. My panties were already soaked as my fingers slipped inside them and started tickling my clit. I could feel the first stirrings of a massive orgasm.

"I'm fingering myself. My cunt is so wet, it's just right for a nice, big cock to slip inside and stretch it. My pussy's only little and you've got such a big cock, and I want to take every inch when you fuck me."

He took over "Your cunt is hot and tight. I've thrown you down on the bed, and you teased me by fingering yourself. I climb between your legs and push them apart as far as they can go, so I get a good view of your tight pussy."

"Stick it in me. I want your cock in my cunt now!"

"I'm pushing it in slowly. It's so tight, it's unbelievable, but you take it all the way and I start moving inside you. Your tits wobble as I go harder and you're making sexy little noises…"

"Give it to me! Come inside me!"

"You feel so good! I really ram it in hard and you like that even more…"

"I want it as hard as you can do it!"

Then, incredibly, we both came at the same time. I was bucking on my seat as if there really was someone there fucking me, and I could hear him grunting manfully on the other end as his spunk shot out.

"You're a wonderful woman," he said. "I'll call you again soon." He kissed the receiver and I did the same as it went dead.

> "I WANT TO TAKE EVERY INCH WHEN YOU FUCK ME"

Then I opened my eyes and saw the other three girls were all looking at me! I had no idea how long they'd been there, and I immediately went bright red. Joan leaned forward and pressed the intercom button. I thought I was going to get told off or even get the sack.

"You lucky bitch – next time he's mine!" she said, and started laughing! Ⓜ

This politician was up from London when the by-election was on, and he was out and about, trying to be the man of the people. One of his wee friends brought him into the chippy and he started shaking hands. We had other customers to serve, so I asked what he wanted. He looked over the counter and said: "The guacamole looks very good indeed." "That's mushy peas, love," I said!
